Ewing is visiting friends day, and have secured it by selling good honest goods at such low prices as to bring them within the reach of all. It you want a good shoe, now mind, a good shoe, at the very lowest price of any market, go there to buy it.

A lucky fisherman is one who does not catch the rheumatism, but the man who is fishing for bargains will find the best angling ground at the N. Y. Many of you remember the great inducements they offered and the enormous sale they had on these goods last season, but their prices are even lower this season than then. No other house in the city can present such inducements in these

goods. Now we want to say something about our dress goods department. We often speak of this but we do not believe we have ever overdrawn the picture. We believe it is generally conceded that we carry the largest stock of dress goods in the county, and it is certainly unusually full and choice this season. We have all the shades and styles, and our prices though they have always been the lowest are lower this season than ever before. Ask to see our line of satin berbers, cut merinos, ottomans, Henrietta cloths, amour cloths etc., and yes, we do not hesitate to say that we are offering the best black silks for the money now before the trade of this city. We are making a special on our Louis Monday night, as representative of line of silks and are satisfied that no other concern will duplicate our prices. We invite comparison and defy competition. You will lose money if you do not inspect our line of silks before you buy.

Gents, remember we have the best assortment of heavy shoes and fine dress shoes and will sell them cheaper than those concerns who are so noisy about their shoe trade.
